Case No. CV01-18-03877

PEREMPTORY WRIT OF MANDATE

The Court issues this Peremptory Writ of Mandate to the Idaho Board of Correction and the Idaho Department of Correction requiring a diligent search of its records (as defined in the Public Records Act) and disclosure of:

- a) Any records responsive to Petitioner's request for "drugs that have been or will be purchased/used for future executions (including identifying information about the drugs, drug labels, expiration dates, purchase orders/receipts; paperwork about how the drugs are stored)." If no such records exist, the Board and Department must certify to this Court that they do not exist. If any such records exist, the Board and/or Department must release such records to the Petitioner;
- b) Any records (as defined in the Public Records Act) responsive to Petitioner's request for "The use of lethal injection in the Rhoades and Leavitt executions (including paperwork about where IDOC got its drugs from, and communications with drug suppliers or others regarding acquisition of drugs)"
 - 1) unless the records are submitted for an in camera review because they have been sealed by court order or a protection order;
 - 2) but the Respondents can redact individual name(s) of any onsite physician, staff, contractor, consultant, escort volunteer, medical team

member, victim, or witness because this information is exempted by statute or rule.

Once the Respondents have complied with this writ, the Board and Department of Correction must certify that the agency has released all records responsive to the Petitioner's requests.
