

Fall 2018 Statewide Activist Academy

You Belong Here!

Join the ACLU of Idaho staff and other emerging social justice leaders for a day-long training where you'll build the expertise and knowledge in advocacy and grassroots activism to successfully mobilize around the issues that matter most to you and your community. **Applications are due by Friday, September 21, 2018 at 5pm.**

By taking the Activist Academy on the road we hope we can continue to diversify the groups of emerging and established community organizers in Idaho. Skills and leadership development is important in ALL communities across the state. The ACLU of Idaho wants to do more in making sure those opportunities are as widely available as possible to lay the foundation for continued collaboration and support with our smaller and rural communities.

The training will consist of large group and breakout sessions on power analysis, community organizing, lobbying, and media tactics. Attendees will have the opportunity to connect with other community leaders in the area, further strengthening a statewide network of social justice advocates in Idaho.

Come learn and connect at a training near you! All trainings will take place from 10:00 am – 4:00 pm with training materials, food and snacks provided.
